Plans and rates valid through June 30, 2026

Help protect your greatest investment

Employees are a business owner's most significant investment, and it can be challenging to balance protecting employee health and managing a budget.

That's why Delta Dental of Arkansas designed a portfolio of dental and vision plans to help businesses with as few as two employees meet their benefit goals. We deliver valuable benefits at affordable rates, we eliminate complicated benefits administration and we cover more than the bare minimum with rich plan designs — that's the **Delta Dental Difference.**[®]

Our dental and vision plans offer rate stability

- We work hard to keep rates consistent year after year to help you manage your budget.
- Our rates don't include hidden fees or set-up charges. So you know exactly what to expect from enrollment to claims processing.

We design our plans to fit any budget

- Our plans are easy to use and designed to fit any budget — employers can offer quality dental and vision benefits at an affordable cost.
- We specialize in dental and vision benefits. Our rates reflect the true cost of the plan — no cost shifting to other lines of coverage.

We keep it simple — from setup to claims to customer service

- With the largest network of dental and eye care providers in Arkansas, we make it easy for employees to find a dentist or eye doctor.
- Our member self-service tools answer the most common questions, so business owners don't have to.

Right Start 4 KidsSM

The right start for healthy smiles!

Right Start 4 Kids (RS4K)

When kids 12 years old or younger visit a Delta Dental network dentist, the **RS4K benefits pay 100%¹ for all covered services under their Delta Dental plan.** These services include:

- Cleanings, exams, X-rays, fluoride treatments, and sealants
- Fillings
- Crowns and tooth removal

Also, there are no deductibles or waiting periods for any covered services. And your dental plan's annual maximum still applies.

Regular dental care for kids is crucial for promoting good oral health, preventing cavities and gum disease. It also helps establish healthy habits and a positive attitude towards dental care that can last a lifetime.

Right Start 4 Kids (RS4K) is expanded benefit coverage to help employees, who have enrolled in your dental plan, take care of their children's oral health. RS4K is for kids 12 years of age and younger who are covered on your Delta Dental plan.

RS4K eliminates deductibles and co-insurance amounts your employees are used to paying for check-ups, exams, X-rays, sealants, fillings, crowns — all covered services for kids (except orthodontics) when they see a Delta Dental network dentist.²

RS4K is included in our Delta 1000, 1500, 2000, and 2500 dental plans for smaller businesses.

1. Right Start 4 Kids benefits are subject to limitations, exclusions and your plan's annual maximum. Check your certificate of coverage for details.

2. Orthodontic services (braces) are available but are not eligible for 100% coverage under Right Start 4 Kids. When an out-of-network dentist is seen, coverage levels will be reduced.
